

Rules for Registering a New Club Member

Coral Club is a community of people united by shared values and a desire to improve their quality of life. A healthy and balanced lifestyle is the foundation of our philosophy: here you will meet those who share your principles of self-care, harmony, and personal growth.

You can join the Club by recommendation — that is, by invitation from another Club Member (mentor or consultant). The recommender helps you choose products and introduces you to the opportunities that Coral Club offers to Consumers and Consultants. If one of your close family members (spouse, parents, children, brothers, or sisters) is already a member of the Club, you must indicate one of them as your Recommender during registration.

If you register independently without a Recommender, use the automatic consultant selection system. Depending on your location, the system will assign a consultant who will help you navigate the product range and answer your questions.

Why join the Club? Club Members receive a 20% discount on all Coral Club products, access to special offers and promotions, the opportunity to earn cashback, and to participate in educational and informational events on balanced living. By registering, you join a discount program (similar to a retail loyalty program) and do not become an employee, representative, or legal partner of Coral Club.

We are committed to transparency and fairness in our relationships with members. Please read and follow these rules to ensure that your experience with the Company is pleasant and compliant with current regulations.

Key Provisions of Coral Club

Upon registration, you receive a unique identification number and the status of Candidate for Club Membership. For 90 days, you can enjoy the Club discount (–20% off the retail price) for purchases on coral.club or at our sales offices. If no purchase is made within 90 days, your number will be deactivated.

To maintain the discount indefinitely, you must place an initial order (a one-time purchase equivalent to 12 or more points), after which you receive the status of Consumer. Each Coral Club product has a value expressed in points; for example, a monthly pack of Coral-Mine (a natural coral-based mineral composition for drinking water) equals 15 points.

A Consumer is a Club Member with a unique identification number who can purchase products at Club prices and receive bonuses or cashback under the loyalty

program for personal purchases or for recommending new members. Each Consumer has a personal referral link that can be shared with friends to provide them with a 20% discount.

The level of benefits may vary depending on individual activity and compliance with program rules. Ethical note: any economic or financial benefits are not guaranteed and depend solely on the individual's effort; they do not constitute an income promise.

The next level — Director status — offers additional recognition and benefits within the participation plan, in accordance with the Company's rules and ethical standards of direct selling.
